

... finding a
smart solution
for your dream
to home ownership.

How much Can I afford?

What type of loan should I get?

What is the current mortgage interest rate?

What is a Jumbo loan?

What is an Adjustable (ARM)?

A mortgage in which the interest rate is adjusted periodically based on an index. For example, 3 year ARM is a loan with a fixed rate for the first 3 years, the rate then changes once each year for the remaining life of the loan.

What is Home Equity Loan?

A loan that allows you to tap into your home's built-up equity. The real estate property is used to secure the amount borrowed.
